Université de Lyon

Lyon 1

Université Jean Monnet Saint-Etienne

Discover Lyon

Capital of the three Gauls under the Roman Empire, Lyon has become a large European metropolis of about 1.2 million inhabitants, which makes it the second largest French city. Today, the city is considered as the French capital for gastronomy.

Two millenniums have left their mark in terms of an outstanding architectural heritage, at the confluence of the Rhône and Saône rivers: Fourvière, with its basilica and Gallo-Roman ruins, the Renaissance district of Old Lyon, which is centered around the Saint Jean Cathedral, the presqu'île (peninsula between the two rivers), which was shaped by the great classical and imperial era, along with the slopes of the Croix-Rousse, where the silk industry thrived. Lyon has been classified a World Heritage site by UNESCO in 2002.

For more details, see the official website of the city of Lyon : http://www.en.lyon-france.com/

Lyon has an international airport (Lyon Saint-Exupery), 40 minutes by car far from the city centre and has a TGV station (high speed train) in its city center. Paris-Lyon is a 2 hour trip by TGV. Lyon has a vast public transportation network (subways, tramways, buses, free bicycles).

CONFERENCE PROGRAM

MONDAY, APRIL 8
Closed session for Partners A

Slideshow will be distributed to all partners after the meeting

13:00—14:00 : **Partners A _ Arrival and Registration**

14:00—15:30 : **Frame of the vaccinology international education**

*** Christine Delprat**, Lyon University, France
Welcome

Magali Bayssière, Lyon Ingénierie Projets, France
Erasmus Mundus Master European Call general presentation (Partners A)

Stéphane Paul, St Etienne University, France
State of the art on vaccinology education: how to lead?

Christine Delprat, Lyon University, France
Presentation and general comments on the polls filled by partners A and B

15:30—16:00 : **Coffee Break**

16:00—18:00 : **Presentation of the national masters by the Partners A including these items:**
1) Short presentation and location of the University (including access: airport, train station)
2) Pre-requisite (scientific background, language) to enroll in the national Master
3) National Master presentation (semester date, scientific contents / ECTS, teaching language, evaluation, please underline the points you have mentioned in the poll)
4) Current cost of Master Registration
5) International relationship department of the university: yes/no, organization chart, contact?

18:00—19:00 : **General discussion including:**
a) Diversity of the university registration fees
b) Semester date synchronization
c) Evaluation date synchronization and evaluation methods
d) Which Partners A manage what semesters: contents and languages?
e) Can we create a European Master Degree instead of issuing several national masters?
f) Open-ended questions

19:30 : **Partners A shared Dinner**

TUESDAY, APRIL 9
GENERAL OPEN SESSION

09:30—10:40 : **Welcome (10min *Christine Delprat) and Session 1**
09:40—10:20 Karin HARDT: “Vaccine development from industry perspective” (GlaxoSmithKline Vaccines)
10h20—10:40 Michel BUBLOT: “R&D on New Technology Vaccines at Merial” (Merial)

10:40—11:00 : **Coffee Break**

11:00—12:20 : **Session 2**
11:00—11:20 *Isabelle FUGIER – “Innovation & vaccine development” (Sanofi Pasteur)
11:20—11:40 Laurent MASCARELL: “Allergen formulation for sublingual immunotherapy: from natural biological extracts to recombinant allergens?” (Stallergenes)
11:40—12:00 Geneviève INCHAUSPE: “A novel targeted immunotherapy for the treatment of chronic hepatitis C” (Transgene SA)
12:00—12:20 Jean-François NICOLAS: « Skin vaccination » (Centre Hospitalier Lyon Sud, CIRI)

12:20—14:00 : **Picnic basket and Recreation**

14:00—16:00 : **Session 3**
14:00—14:20 Audino PODDA: “The Master in vaccinology and pharmaceutical clinical development: a collaboration between University of Siena and Novartis” (Novartis Vaccines Institutes for Global Health)
14:20—14:40 Bernard VERRIER: “Nanoparticles of Poly Lactic Acid (PLA) as vaccine delivery system for induction of mucosal immunity” (CNRS UMR5305, Lyon University)
14:40—15:00 *Stéphane PAUL: “Use of SIgA as vaccine delivery system” (GIMAP EA3064, Lyon University)
15:00—15:20 Aurélien MARABELLE "In situ immunization: a new paradigm for cancer therapy" (Institute for Pediatric Hemato-Oncology, Centre de Recherche en Cancérologie de Lyon, Lyon University)
15:20—15:40 Laurence CHAPEROT: “GeniusVac: a vaccine platform for immunotherapy of cancer and chronic infectious diseases” (Laboratoire R&D, cancer Immunobiology and immunotherapy, EFS-Rhône-Alpes, INSERM U823)
15:40—16:00 François-Loïc COSSET: “Engineering of virus-like particles as candidate vaccines against human respiratory viruses” (Centre International de Recherche en Infectiologie, Lyon University)

16:00—16:30 : **Coffee Break**

16:30—17:30 : **Session 4**
16:30—16:50 *Luciana LEITE: “Vaccinology at Instituto Butantan: 111 years of expertise to build the future” (Instituto Butantan BRASIL)
16:50—17:10 Samba SOW or other Mali contributor “(yes) Title to be communicated” (Sud Center for Vaccine Development, Mali)
17:10—17:30 Seydou YARO: “A biomedical research Centre at Burkina Faso (West Africa)” (Centre Muraz, Burkina Faso)

WEDNESDAY, APRIL 10
Closed session for Partners B

Slideshow will be distributed to all partners after the meeting.
Partners A will receive the account of this Partner B closed session by email after the meeting.

09:00—10:30 : **Frame of the vaccinology international education**
*** Stéphane Paul**, St Etienne University, France
Welcome

Thomas Guillobez, St Etienne University, France
Erasmus Mundus Master European Call general presentation (Partners B)

Stéphane Paul, St Etienne University, France
State of the art on vaccinology education: how to lead?

Christine Delprat, Lyon University, France
Account of the closed session on April 8 with Partners A
Presentation and general comments on the poll filled by Partners B

10:30—11:00 : **Coffee Break**

11:00—12:30 : **Presentation by the Partners B:**
1) Location of your center, company (including access: airport, train station)
2) Presentation of your main activities
